PETYA'S RUN

94.6 KM · UKRAINIAN EMBASSY, DUBLIN → BALTINGLASS, CO. WICKLOW

I am running from the gates of the Ukrainian Embassy in Dublin to my home town of Baltinglass, over the Wicklow Mountains, in a single day. What the run raises buys a vehicle. My partner and I then drive that vehicle 2,800 km east ourselves and hand it over in Lviv, where it goes to the front line as an ambulance and evacuation vehicle.

No platform takes a cut, and we pay our own travel and food, so every euro goes to the vehicle, the crossing and the aid it carries.

THE MISSION

THREE MOVING PARTS, ONE OBJECTIVE

01 RUN & RAISE

One runner, one day, 94.6 km from the Embassy gates to Baltinglass, mostly along the waymarked Wicklow Way.

02 BUY THE VEHICLE

A rugged, road-worthy 4x4 bought and prepared in Ireland, then loaded with medical and humanitarian aid.

03 DRIVE IT EAST

Rosslare, Cherbourg, Germany, Poland, Lviv. We drive it ourselves and hand it over in person.

PROOF · WE HAVE DONE THIS ONCE ALREADY

EDINBURGH TO THE FRONT LINE

In May 2026 we collected a Mitsubishi L200 in Edinburgh for **Drive to Save Lives**, named it **the Iron Horse**, and drove it across Europe with Petya riding shotgun. We handed it directly to our contact in the **80th Separate Air Assault Brigade**, and it is in service now. On the front line vehicles are used up almost as fast as they arrive, so one delivery is never enough. Petya’s Run is how we do it again.

SAVING LIVES IN THE DONBAS

WHERE THE MONEY GOES

€2,500	The vehicle: a rugged 4x4, bought and checked in Ireland
€800	Fuel for 2,800 km, Ireland to Lviv
€700	Ferry crossing and European motorway tolls
€500	Tax, insurance and cross-border paperwork
€500	Contingency: repairs and spares on a long drive
€5,000	MINIMUM TO PUT THE VEHICLE ON THE ROAD · every euro over it buys more aid

Write on the vehicle. For a donation from €10 we write your name or your message on the bodywork once the vehicle reaches Ukraine. Your words stay there, on the front line.

Sponsor a kilometre. Back the run by the kilometre, or with a flat pledge payable when I reach Baltinglass.

Give equipment. Medical kit, tools, spares and useful gear all ride east in the back of the vehicle.
